

Online Upgrade Network License Key, legacy version

1267 GstarCAD Malaysia July 6, 2021 [Update and Upgrade](#) 0 2939

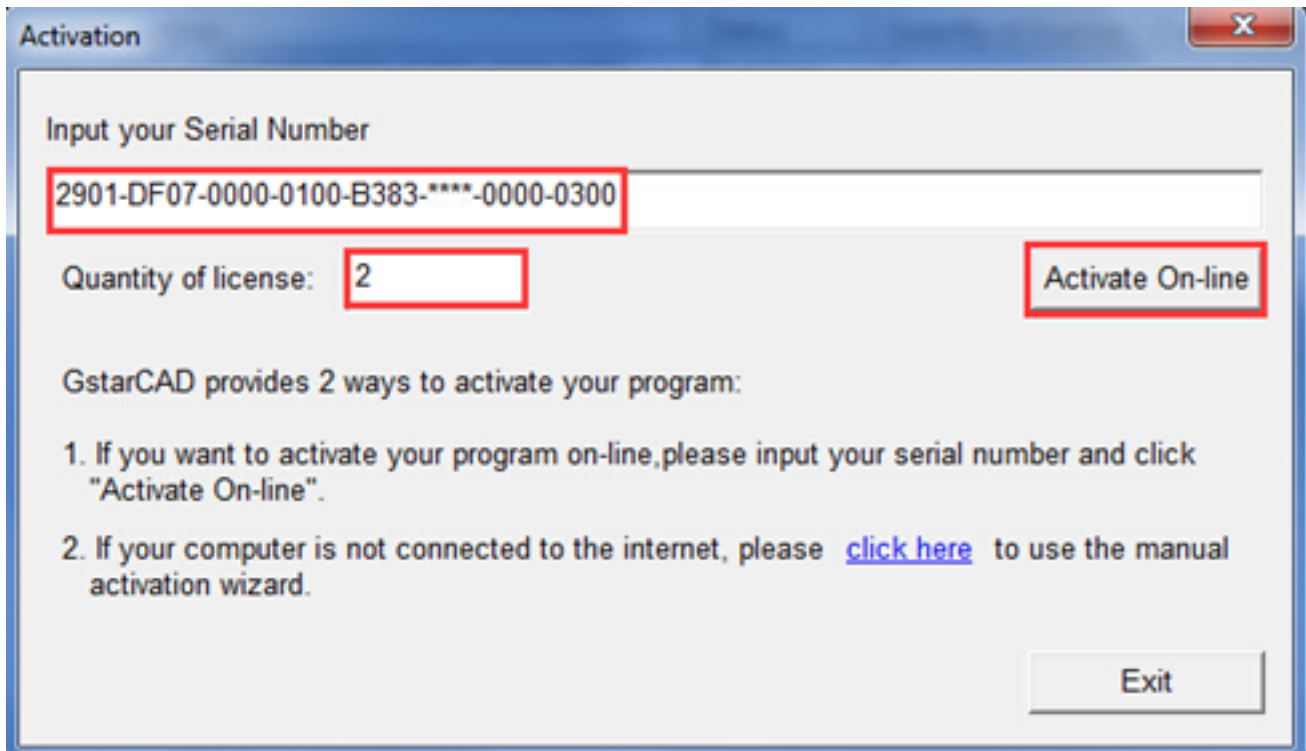

1. Click “GstarCAD License Manager (server)” from Windows Start button> All Programs>GstarCAD Network License Manager.

2. Then the following window will pop up. Click the “Activation” button.

3. Input your Serial Number which you used to activate GstarCAD old version network license key before, and specify the quantity of license, then click the “Activate On-line” button.

The image shows a software activation window titled "Activation". It contains a text input field for the serial number, which is filled with "2901-DF07-0000-0100-B383-****-0000-0300". Below this is a label "Quantity of license:" followed by a small input field containing the number "2". To the right of these fields is a button labeled "Activate On-line". Further down, there is instructional text about two activation methods: online and manual. At the bottom right is an "Exit" button.

Activation

Input your Serial Number

2901-DF07-0000-0100-B383-****-0000-0300

Quantity of license: 2

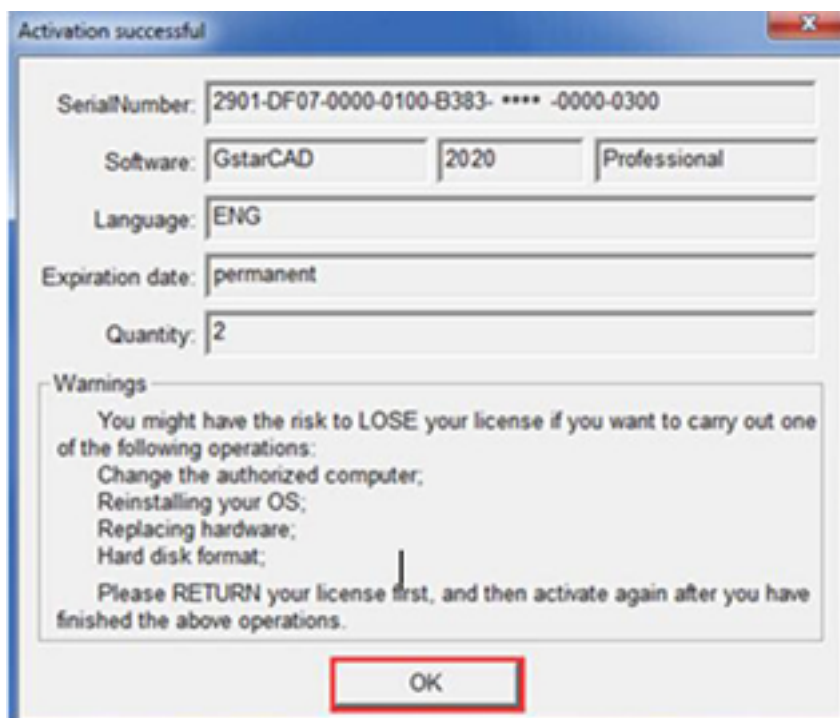

Activate On-line

GstarCAD provides 2 ways to activate your program:

1. If you want to activate your program on-line, please input your serial number and click "Activate On-line".
2. If your computer is not connected to the internet, please [click here](#) to use the manual activation wizard.

Exit

4. Click the "OK" button to close the Activation successful window.

The image shows a software activation success window titled "Activation successful". It displays the entered serial number and license details in a structured layout. Below the details is a "Warnings" section with a list of operations that could void the license, followed by a reminder to return the license and reactivate. An "OK" button is at the bottom.

Activation successful

SerialNumber: 2901-DF07-0000-0100-B383- **** -0000-0300

Software: GstarCAD 2020 Professional

Language: ENG

Expiration date: permanent

Quantity: 2

Warnings

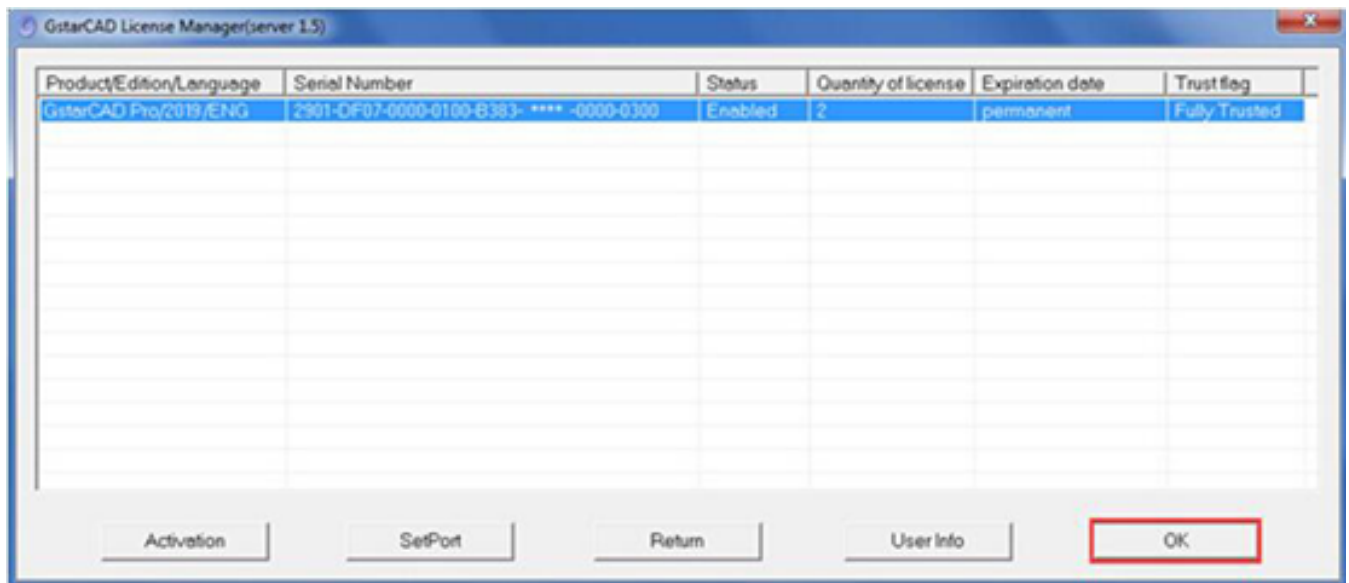

You might have the risk to LOSE your license if you want to carry out one of the following operations:

- Change the authorized computer;
- Reinstalling your OS;
- Replacing hardware;
- Hard disk format;

Please RETURN your license first, and then activate again after you have finished the above operations.

OK

5. Then click the "OK" button to finish the activation.
